

## PRINTING INSTRUCTIONS

1. Open your word processing software.
2. Adjust the document size to match your invitation.
3. Create a text box according to the Test Sheet measurements.
4. Select a font and type your wording. Adjust the font and size as desired.
5. Preview your invitation.
6. Print one copy on the Test Sheet to verify that the wording is positioned correctly.
7. Make any necessary revisions or changes.
8. Print your invitations, assemble and mail.

Compatible with most home and office laser printers. Please refer to your printer's instruction manual for more information.
