A “Flora”l Fantasy

Anna Griffin Releases A Crafting Bouquet Of Fresh And Fabulous

Craft & Hobby Association Show Anaheim, CA January 2009 – Stir your creative passions with Flora’s poetic combinations of garden life and fantasy. A menagerie, the Flora Collection is made up of glorious antique engravings that intertwine to form elaborate flora and fauna paper patterns, richly colored with Chinese reds, grey-blue, warm cocoa browns and vivid tones of plum. Botanical engravings once used to catalog 18th century species are made into lovely stamps and punches, while 3-D stickers capture enchanting, hand painted imagery of birds, butterflies and mushrooms. “Flora creates a flowery landscape with a fresh palette and touch of whimsy,” said Anna Griffin, President of Anna Griffin Inc. “Creating crafting arrangements from this floral fantasy will have you playing in your secret scrapbook garden for hours.”

The perfect collection for recording memories with friends, family and loved ones the Flora Collection will bring your memories to life with dramatic details and earthy delights. The newest additions to the Anna Griffin crafting lines include Mylar sheets, diecut cardstock, rubber

stamps, punches and more. Retail prices range from \$0 .48 – \$15.00. For more information please visit www.annagriffin.com or call 1-888-817-8170.
